GENERAL MARKET TONE **DECIDEDLY OPTIMISTIC**

Pessimism and Feverishness Absent in Wall Street, and Effect Is Immediate.

COVERING BEGUN BY BEARS

Bethlehem Steel B Makes Strong Bid for Leadership, Adding 67-8 Points to Price on Sales of About - 110,000 Shares.

BY STONON WALL.

NEW YORK, October 18.—Pessimism and feverishness were absent in Wall Street tooks, and the market effect was immediate. Since the market effect was immediate, and the market effect was immediate. Since the market of softeness, early since the market one was optimistic. This, the presence of bargain hunters in rather large numbers, and a better understanding among small holders of the undestrability of liquidating in order to buy Liberty bonds, caused a rise in the general list of from 1 to nearly 7 points.

Bethlehem Steel B made a strong bld for market leadership. On sales of about 110,000 shares, it added 67, points to its price. Bethlehem common rose ba points. This strength was attributed to the large government order for torpedo-boat destroyers. The order is said to be the larges tever placed with any one company by any government in the world's history.

The statement, yesterday, by the Comparticler of the Currency, advising holders of stock to borrow from banks, using their stock as collateral, instead of liquidating to buy Liberty bonds, bore fruit to-day. Selling orders were canceled and early in the day the bears, who started in joyously, discovered the wind was from the windig quarter. Thereunon they began the bears. Who started in joyously, discovered the wind was from the windig quarter. Thereunon they began the day and Smelters. 24.

Reading and St. Paul led the advance in the rails, scoring gains of 24, each. Great Northern preferred advanced 24; New Haven, 15; New York Central, 18; and Baltimore and Onto, 4.

NEW ORLEANS. October 18.—Small advances were recorded in the cotton market this afternoon, the main influence being the cold wave threatening the beit. Late in the day the market firmed up on the rumor that a private bureau was in receipt of figures showing that 1.96,690 baies less were ginned to the close of business yesterday than during the same period last year. Opening at the rise, prices gradually improved until they were 24 to 21 points over yesterday's close, buying being based principally on the forecast of freezing weather in the northern sections of the Western belt to-night. Builish views regarding the weather situation were intensified by the forecast of rains for the Eastern belt to be followed by a drop in temperatures, causing builish traders to forecast a wet freeze for the northern section of the Eastern belt. Realizing of profits on the long side tecame general at the advance, and the gain was pared down until the trading months were only 1 to 3 points above yesterday's close. There was a swiftrise in the afternoon on the ginning forecast, but toward the close profit taking was again a factor and the net results on the close were a gard of 2 to 19 points.

Spot cotton, 203 baies; to arrive, 1,205 baies, on the spot, 203 baies; to arrive, 1,205 baies.

Bradstreets Saturday will say for Richmond and vicinity: There is a good demand in most wholesale lines and retail trade is improving. The greatest deterrent feature is poor freight deliveries in practically all directions, and no improvement is shown in this condition. Manufacturing in all lines is very active, numerous plants working extra time where labor is obtainable. Tobacco is being marketed freely throughout the district at unprecedentedly high prices, and indications are that prices will advance still higher. Orders for various supplies for the government continue in large volume, and prices for most commodities continue to increase. Farm labor is very scarce and some difficulty is being experienced in harvesting the cornand fruit crops. Apples, fodder, late potatoes and other vegetables were seriously damaged by frost, which fell last week. A large acreage of winter wheat will be planted, weather conditions have been favorable to this. Collections are irregular though generally good. Bank clearings and deposits continue to show an increase.

[Special to The Times-Dispatch.] DANVILLE, VA., October 18.—Percy Burnett, who was arrested last night, following his alleged confession of the theft of \$5,000 from the Southern Express Company's safe on an incoming train, waived preliminary hearing to-day in Police Court, and was remanded to the grand jury.
